Dr. E. M. Gallaudet,

Washington, D. C.

My dear Dr:-

I am just in receipt of a letter from the Grand Master for the Grand Lodge of Mississippi stating that he finds that it will be impossible, under the rules of the Grand Lodge, for him to lay the corner stone of our new building.

It seems that when a building is practically completed that they cannot perform this ceremony. This, of course, will deprive the deaf children of the most interesting and pleasant ceremony and renders it necessary for us to call off the laying of the corner stone. I am sorry we have not been able to accomplish this matter for several reasons, chief among which, it will deprive us of the visit of yourself and other friends at this time.

Should you feel that a little outing down this way would be profitable to you I hereby extend a most cordial invitation, notwithstanding the laying of the corner stone is not to take place. We would be delighted to entertain you at any time, and I know the Institution would greatly enjoy a visit from you. Our Legislature is in session now and you would see a growing little southern city, besides we will be glad to show you our new building.

Regretting this and hoping to see you some day if not soon, I am,

Very truly yours,

J. R. Dobyns
Superintendent.

THE POSTAL TELEGRAPH-CABLE COMPANY, (INCORPORATED)

transmits and delivers the within message subject to the following
TERMS AND CONDITIONS.

To guard against mistakes or delays, the sender of a message should order it REPEATED; that is, telegraphed back to the originating office for comparison. For this, one-half the regular rate is charged in addition. It is agreed between the sender of the message written on the face hereof and the Postal Telegraph-Cable Company, that said Company shall not be liable for mistakes or delays in the transmission or delivery, or for non-delivery, of any UNREPEATED message, beyond the amount received for sending the same; nor for mistakes or delays in the transmission or delivery, or for non-delivery, of any REPEATED message beyond fifty times the sum received for sending the same, unless specially insured, nor in any case for delays arising from unavoidable interruption in the working of its lines, or for errors in cipher or obscure messages. And this Company is hereby made the agent of the sender, without liability, to forward any message over the lines of any other Company when necessary to reach its destination.

Correctness in the transmission of messages to any point on the lines of the Company can be INSURED by contract in writing, stating agreed amount of risk, and payment of premium thereon, at the following rates, in addition to the usual charge for repeated messages, viz: one per cent. for any distance not exceeding 1,000 miles, and two per cent. for any greater distance.

No responsibility regarding messages attaches to this Company until the same are presented and accepted at one of its transmitting offices; and if a message is sent to such office by one of this Company's messengers, he acts for that purpose as the agent of the sender.

Messages will be delivered free within the established free delivery limits of the terminal office. For delivery at a greater distance a special charge will be made to cover the cost of such delivery.

This Company will not be liable for damages or statutory penalties in any case where the claim is not presented in writing within sixty days after the message is filed with the Company for transmission.

This is an UNREPEATED Message and is delivered by request of the sender under the conditions named above. Errors can be guarded against only by repeating a message back to the sending station for comparison.

No employee of this Company is authorized to vary the foregoing.

WILLIAM H. BAKER,
V. P. and Gen'l Manager.

Dear Sir:-

Inclosed please find transportation from Meridian to Jackson and return.

You ought to have received before to-day transportation from Washington to Meridian, Mississippi, and return. I send this, (which you ought to have received about the 2nd of January) with the hope that you make us a visit notwithstanding there will be no laying of the corner stone. Would not a little jaunt down south be good for you at this time of the year?

Very truly yours,

Dear Dr. Gallaudet:-
Yours of recent date received yesterday morning. I am sorry, indeed, that you could not come even though the corner stone laying did not take place. However, I am going to count on your coming in the Spring. I find that some of our friends whom we expected would be here to-day, the 10th, would not have been able to come if we had had the corner stone laying. Most of them think they can come in the Spring and I am planning a little gathering for a few friends who are willing to make the trip about the middle of April.

You can send me your transportation and I will have it renewed for you when the time comes. I hope you will put this on your calendar and be ready to spend a few days with us.

Regretting our disappointment and again hoping that we may meet soon,
I am,

Very truly yours,

My dear Dr. Gallaudet:-

Your favor of the 16th inst., inclosing transportation, Washington to Jackson and return, is received. I note what you say as to the 15th of April being the time set for the visit of your daughter. Before or after that date would suit us just as well. I shall be guided by the majority of those who expect to visit us at that time and set the date accordingly. At your leisure I would be glad to hear from you as to what date would suit you best. I will file this transportation and at the proper time have it extended. I hope very much that we may have this visit from you. A little jaunt towards the last of April after the Winter's work will doubtless do you good.

I am hoping to have a few days visit from Dr. Wilkinson soon on his way East. I wish he had made his visit about April so we could all have met here together.

Hoping nothing may prevent our gathering as we are now looking forward to it, I am,

Sincerely yours,

Dear Professor Gallaudet:

I was very much pleased to receive your communication of the 20th instant, informing me that Mr. George Burkart, whom upon my recommendation you admitted to the College, has been doing exceptionally well in his studies.

I thank you very much for letting me know of his great success, and shall take the opportunity to congratulate him when next we meet.

With best wishes,

Yours sincerely,

Dear Dr. Gallaudet:-

Your favor of the 18th inst., is at hand. I am glad you got the pass to Meridian and return and I suppose the one from Jackson to Meridian and return will follow soon.

Please do not consider your trip as one of pleasure. It is for the benefit of this Institution. I hope to arrange for you to make a talk of some kind before the members of the Legislature. I think the Legislature will still be in session. Come if you possibly can.

Dear Dr. Gallaudet,

Please have two sets of examination questions sent to Dr. Dobyms, for the coming examination.

I have just learned that one of our former pupils, Miss Vera Gibert, who passed in some of the studies and has been studying at home, will come to Jackson for re-examination in the remaining studies. My record states that she failed in English History, United States History and Physical Geography. Will the rule, as changed, require her re-examination in the latter study? I would be glad to be advised as to just what studies she should be examined in this time.

According to my understanding of the matter, Shelby Harris' examination in Geography last year included both Political and Physical, and nothing further in the branch is required of him. Is that correct?

Yours truly,

C. S. Deem ?

Dear Dr. Gallaudet,

I am sending by express to your address today the examination papers of Shelby Harris. The other candidate for examination, Miss Gibert, did not put in her appearance.

It had not been noted that the examination in English History would go farther than the end of the reign of Henry VII. However, we had been through the book, and the boy was more or less familiar with all the work--but did not do as well in the latter part as he would have done had he known that the examination would include all.

Dear Sir:-

Please

pardon me if I have your name
incorrectly written, I have a good
knowledge of your system of instruc-

of your name.

I have a friend
here who has a little girl here
about seven years old who
is defective in hearing and
does not put sentences together
but does use words and hears

some times very well, rather quite well which would indicate she is not a mute. Her present condition is the result of spinal meningitis in infancy. Her father was killed in the mines and the mother nursed her under very distressing circumstances. Will you kindly advise me what course to pursue to get this little one into some school where she can be treated and made ready for life and its duties? Also state cost of such

treatment and any other data that is necessary. A prompt reply will be very much appreciated
