**Sure-Cure for Snorers . . . Educational Notes . . . First Bomb Shelter in School for Deaf . . .
Video News and Sports from all over**

MANY of us who are sound sleepers, unconsciously snore. Wife, Mom or roommate would surely go to the nearest doctor or drug store to seek cures for this habit. It has been found that snoring occurs when the person sleeps on his back with his mouth partly open. Here are two ways for a sure cure according to a leading psychiatrist:

Since the lower jaw tends to sag and pull the lips apart, snoring can be checked by wearing an elastic mask which can be found in a local drug or department store, this mask will hold the snorer's chin in place. To prevent the person from sleeping on his back, a hard rubber ball with a whistle inside can be purchased. This ball is fastened to the back of his pajamas, and when he rolls over on his back, the ball is in the way from complete comfort; if he cannot awaken due to this irritating feeling, the whistle may do the job! Back in Colonial Days, they simply sewed a wooden spool on the back of the snorer's nightshirt, and when he rolled over on his back, the spool proved very, very uncomfortable.

Once again, after nineteen years, the Gallaudet College Dramatic Club invaded Greater New York with Sidney Howard's comedy, *The Late Christopher Bean*. The play was held in the theatre of the Barbizon-Plaza hotel. Sponsored by the local Chapter of the G.C.A.A., all proceeds went to the college Centennial Fund. Kansas School Honors Our Late Grand President, Arthur L. Roberts

New Arthur L. Roberts Academic Building at Kansas School for the Deaf

OCTOBER 9, 1961 marked an event which although unheralded should be a date to go down in history for Fratom, for on this date the newly completed Arthur L. Roberts Academic Building was formally opened for occupancy on the campus at the Kansas State School for the Deaf in Olathe, Kansas.

Dedication ceremonies have been set for December 9, 1961, at which a bronze plaque bearing a likeness of Brother Roberts will be presented the school by Olathe Division No. 14, Kansas City Division No. 31, Wichita Division No. 75, Kansas City Auxiliary Division No. 134, and the Kansas Association of the Deaf. The plaque will also contain suitable inscription describing the career of our late grand president.

The new academic building costing \$515,000.00 is indeed a fitting tribute to Brother Roberts who began his life of service to the deaf as a counselor at the Kansas School following his graduation from Gallaudet College in 1904. Brother Roberts was graduated from the Kansas School in 1899.

Of modern, fireproof construction throughout, the new building contains three floors and a basement. The first floor is occupied by offices, testing rooms, health room, barber shop, professional library and a large library and study hall. A large art room is also on the first floor.

The second and third floors are devoted entirely to classrooms, there being twenty-two classrooms in all. Several rooms have received special treatment to make them adaptable to the purposes for which they were intended. The advanced science room contains modern laboratory facilities with work tables for 16 students, each equipped with running water, gas and electricity. A lecture room adjoins the laboratory with students' chairs arranged on tiers to facilitate watching demonstrations by the instructor. An intermediate science room on a smaller scale is also provided.

All the rooms have buzzer and flashing light installations to signal time for

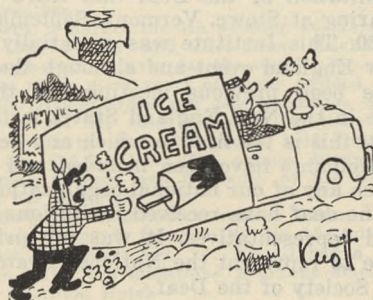

changing class and also for emergency warnings in case of fire, tornado or other emergency.

The basement is occupied by a large activity room which will be used for rhythm work, meetings and rehearsals, a completely equipped darkroom for the school's Photo Club, storage space for the various departments of the school and a large shelter area which can hold all the students in case of tornado or fall-out.

Stanley D. Roth is superintendent of the school. He is the son of deaf parents and his father was a member of the N.F.S.D. Many deaf members of the school faculty and staff are members of the Frat and the Auxiliary.

Olathe, Kansas should be on the itinerary of all vacationing members of the National Fraternal Society of the Deaf when their routes take them in that vicinity in order that they can visit this new school and see a lasting memorial to one of our greatest grand presidents.

Plans for the dedication on December 9, 1961 call for the presence of Governor Anderson of Kansas, and four former superintendents of the school who are now living, Dr. Elwood A. Stevenson, Dr. Daniel T. Cloud, Howard M. Quigley and Alfred Cranwill. The Home Office will be represented by Grand President L. S. Cherry, who will accompany Dr. Roberts' widow, Ida, to Olathe for the ceremonies.—Bro. Fred Murphy

the box of baseball commissioner Ford Frick when the New York Yankees invaded Cincinnati's Crosley Field for the third game of the World Series, October 7. . . . Crowned Homecoming Queen at the football game against the Chemawa Indian School was petite senior, June Lestenkof, an Alaskan lass. It proved a happy day for her and the Washington State gridders who romped easily, 52-13! . . . Jerry Lucas, elongated Ohio State University All-Big-Ten center (6'8"), was an unexpected guest at the Ohio School November 12. . . . Outfielder-catcher John Blanchard of the World Champion New York Yankees, is a first cousin of Lloyd Ambrosen, superintendent of the Maryland School. John hit 24 homers this season in 242 at bats; at that rate, if he had had Maris' 590 at bats, would have swatted 50 round trippers. . . . Judge Charles E. Moylan of the Baltimore (Md.) Supreme Court and president of the Board of Visitors of the Maryland School received a "Pat on the Back" in the August 21, 1961 issue of SPORTS ILLUSTRATED for being sponsor and No. 1 rooster of the Ijamsville Bush Creekers. This town, with a scant population of 120, managed to assemble enough ball players to win their ninth Maryland and State League baseball pennant!

Foreign News: The removal of Prime Minister of the Soviet Union, Georgii Malenkov, may have been due to these reasons: (1) *his failure to increase the agricultural output*, (2) *his failure to overtake America in production of television sets*, and (3) *his lack of hearing!* **London**—One hundred music lovers attended an hour-long "silent music" recital in famed Wigmore Hall conducted by Hungarian born Thomas Blod; he rippled his fingers over the piano keyboard with all the gestures of a concert pianist—**WITHOUT** sounding a note, and the audience just loved it; they applauded him loudly after each composition! . . . **Laos**—Sgt. Joe Quintana, USMC, had been teaching a number of natives the rudiments of the English language. When he noticed a few of them cowering, he found that they were deaf—but, he did not stop there. Being an expert in the language of signs, he soon got to work on them, too!

Alepa, Syria: An S.O.S. has been issued by Father Giamal, head of the school for the deaf here that has 66 pupils. An appeal has been made to the U.S.A., Russia and France for amplifiers and necessary equipment for his school. . . . **Paris:** The treasury of the Star Deaf Club has been increased, thanks to the all-night party attended by 800 of the deaf population. When it came to clean up the next afternoon, 1,000 empty champagne bottles were carted off!

Derby Prizes

AT this writing the current membership derby ends and the winners are listed under "Leading Go-Getters for 1961" on another page.

The prizes are ten dollars for each set of five new members obtained during the contest. These awards will be sent out as soon as final count of the results is made.

This year's top honors go to June Davis, of Rochester Division No. 52, who is credited with 27 new members. Her achievement is remarkable because she entered the race late and made a spurt in the final months to win. It shows what one can accomplish when one really tries.

We extend our congratulations to those who will receive the cash awards and to the Divisions that filled or exceeded their quotas of new members during the year. Our sincere thanks go to everyone who made an effort to increase the membership rolls.

We are earnestly hoping that more Divisions will fill their quotas and more members will join the ranks of go-getters to make a real success of the membership campaign during the coming year and the next. The annual awards of \$10 per block of five new members will continue in 1962 and 1963.

As an added incentive, the Home Office is offering a Grand Prize of a **FREE TRIP TO OUR MEMPHIS CONVENTION**, July 23-27, 1963, to the member who secures the most new members during the period from January 1962 to June 1963. This prize will include first class rail fare, room in the Hotel Peabody, and tickets to all entertainment events at the convention. Another major prize, a \$100 **SAVINGS BOND**, will go to the runner-up in this special contest. The only condition is, the new members to be counted in the winning total must be in good standing as of July 1, 1963.

Stowe, Vermont Workshop

By **JAMES L. McDONALD**

THE University of Vermont, College of Medicine and the Office of Vocational Rehabilitation were joint sponsors of an Institute on the Rehabilitation of the Deaf and Hard of Hearing at Stowe, Vermont, September 18-20. This Institute was essentially a New England event and although there have been previous meetings of this type in the New England States in the past, this is the first in which any deaf participants have been included and to which any of our national organizations of the deaf have received invitations to send representatives. It was my privilege to represent the National Fraternal Society of the Deaf.

The Institute, attended by approximately 75 prominent doctors, educators,

rehabilitation persons and 5 deaf participants, including representatives of three national deaf organizations, read and discussed papers and problems directly relating to the deaf, deafness and the hard of hearing.

Dr. Boyce Williams' address on "Basic Needs of Deaf Persons with Impaired Hearing," a paper that is familiar to many deaf persons was the major rehabilitation address of the Institute and was enthusiastically received.

The coordinators had thoughtfully invited three interpreters from the American School at West Hartford and a rather amusing highlight of this was the admission of many of the speakers that sign language interpreting was a new experience for them.

The afternoon of the first day's meeting was given over to a panel discussion. Each representative of the national organizations for the deaf and for the hard of hearing gave a descriptive history of his organization. The N.F.S.D., the N.A.D. and the I.C.D.A. were represented by deaf persons and three organizations of the hard of hearing—the C.E.D., the A.H.S.A. and the A.H.S. were represented by hearing persons.

In a review of our Society we made every effort to give a clear and concise history of the N.F.S.D. from the beginning, 60 years ago. Since the majority of the participants were hearing persons they were greatly impressed with the accomplishments and the purposes of the N.F.S.D.

The major part of the three day meeting was given over to speakers who are highly experienced in their respective field of medical research on deafness, education, and rehabilitation of the deaf. There were, however, two discussion group meetings with participants divided into 6 discussion groups. A wide range of subjects pertaining to the deaf and hard of hearing were discussed and the results were, as intended, enlightenment, and stimulation to further action and thought.

Dr. Leonard M. Elstad, principal speaker at the banquet, spoke of the advanced educational methods of instructing deaf children—from the primary grades through college, and gave a remarkable demonstration of the simultaneous method of instruction in use at Gallaudet College.

The Planning Committee and Dr. M. Alfred Haynes of the University of Vermont, coordinator of the Institute, are to be commended for their well-organized program.

It is an undoubted truth that the less one has to do the less time one finds to do it in. One yawns, one procrastinates, one can do it when one will, and, therefore, one seldom does it at all; whereas, those who have a great deal of business must (to use a vulgar expression) buckle to it; and then they always find time enough to do it in.

BATON ROUGE No. 128 (M. M. Ray)—Our Division celebrated its 15th anniversary with a banquet-dance at Mike and Tony's Steak House Oct. 28. Our guest of honor was Assistant Grand Sec.-Treasurer Leonard Warshawsky who was no 'stranger' in our town having served as a boys' physical education director at the School for the Deaf here 20 years ago. Bro. James Randall served as toastmaster and an adept one, too. The 175 persons, including some from Mississippi, Texas, and Tennessee enjoyed the fine food and talks.

Bro. Warshawsky also presented 34th degree pins to Bros. Harvey Gremillion and Maurice Labbe. The pins were gifts donated by our division. The two Brothers were among the charter members who established No. 128 fifteen years ago.

A beautiful recitation of the song, "Perfect Day," was given by Mrs. Eil Richard in the sign language.

Bro. Warshawsky was presented then with a stuffed Bengal tiger, symbol of Louisiana State U. football team, by Bro. Maurice Labbe. The surprised recipient promptly predicted a victory for the Louisiana team in its game with Ol' Miss., and sure enough, Louisiana State won a week later by a score of 10 to 7.

A smoker was held the following day in the W.O.W. Hall, with 11 neophytes meeting the 'goat.' Those initiated were Merle Foley, Jo Bienvenu, Hazel Bienvenu, Emanuel Hartman, Anne Perkins, Jeannette Trahan, Robert Sheffield, Maxine Sheffield, James Randall, Medford Magill, and Huey Barbin. Congratulations!

Our hats are off to the local committee who were responsible for arranging these very successful events. Members of the committee were Bros. Maurice Labbe, Martin Bienvenu, John Melancon, James Randall, Max Ray, L. Babin, Sisters A. Labbe, and Juanita Hankel.

Our 1962 officers are: President, Peter Green; vice-president, Earl Smith; secretary, Paul Gines; treasurer, Elaine Smith; director, Heber Christensen; sgt.-at-arms, Floyd Underwood.

Our Division celebrated its 45th anniversary with a banquet Nov. 18 at the Hotel Temple Square. Seventy members including several from Ogden No. 127 with their wives and friends attended. Bro. Leon Curtis served as our witty toastmaster who did much to make our evening a delightful one. Main speaker was Bro. Joseph Burnett of Ogden No. 127 who gave a fine speech interspersed with several really funny jokes. The address of welcome was given by President Paul Wood which included a congratulatory message from the N.F.S.D. Home Office. Mrs. Rodney Walker 'sang' a beautiful song, "O Lovely Land, America," in the sign language. Bro. Frank Stone, in charge of awards, presented 34th degree pins to Bros. Alfred Keeley, sole surviving active charter member, Ferdinand Billeter, Rodney Walker, Earl Smith, and John White. Recipient of a lapel pin was Sis. Florence Averill who recently joined our Division. At the close of this memorable occasion Bro. Alfred Keeley gave a response.

In the drawing for the door prize, a beautiful coffee table was won by Mrs. Justina Keeley. This splendid prize was made and donated by Bro. Alton Fisher. Thanks, Bro. Alton!

Credit for this very successful event goes to Bro. Earl Smith, chairman, to Bro. Rodney Walker, program chairman, and to all who participated.

AKRON No. 55 (James L. Nine)—All had a swell time at the Halloween Frolic held at the Akron Club of the Deaf Oct. 28. Winners were Sis. Ruth Bradley, most active; Mrs. G. Donaldson, most original; Sis. D. Gaskins, ugliest; Bro. David Perlovsky, of Cleveland No. 21, most beautiful. Doughnuts were served afterwards. Our thanks for a wonderful party go to Chairman Walter Battersby and his committee of Bros. Mair Russo, Bernard Carver, and Sisters Kirkland, Hull, and Mrs.

Hickey.

Officers elected to guide us in 1962 are: President, Vakaro; vice-president, Russo; secretary, Burkett; treasurer, Bradley; director, Morrison; sgt.-at-arms, Battersby; new trustee, Dobson.

PROVIDENCE No. 43 (A. H. Enger)—We were treated to a delightful art exhibition after our October meeting. The walls in the meeting room were lined with oil paintings done by our esteemed president, Bro. Louis Cassinelli, who, during his vacation trip to Nova Scotia with his wife last summer, painted many appealing scenes. After narrating stories behind each painting, Bro. Louis entertained us further with slides taken on his trip. Delicious refreshments were served afterwards.

Plans for our 50th anniversary gala is in its early stages but the date and locale has been decided on already. It will be held at the Colony Motel, the swankiest of them all and really out of this world on May 25, 1963. Bro. Cohen serves as chairman with a full committee to be selected shortly. Details will be announced from time to time.

North Ave., Oak Park, Ill.; Chief Agent in Canada, Roger McAuley, 49 Frey Cres., Scarborough, Ontario, Canada.

THE NATIONAL FRATERNAL SOCIETY OF THE DEAF is a fraternal life insurance association of deaf men and women. It is organized on the lodge system and has branch lodges, called Divisions, in over a hundred principal cities of the United States and Canada.

Objects

The society's objects are: To pay death benefits to the families of members who die; to pay benefits to male members who fall sick or meet accidental injury; to unite all deaf men and women of good health, habits and character in a circle of friendliness and good fellowship for the purpose of helping one another and making life better and happier for all of its members and the deaf as a class.

Death, Sick and Accident Benefits

The society guarantees to pay the beneficiary of a deceased member the amount for which the certificate is written, subject to the requirements and restrictions set forth in the society's laws.

To a male member disabled by sickness or accident for seven days or longer the society will pay a benefit ranging from \$10.00 to \$40.00 per week, depending on the amount of weekly benefit chosen by the member and for which the required tax is paid. No benefit, however, is paid for less than 7 days duration; nor can any member draw more than 10 weeks' disability benefit within any twelve consecutive months. For women, accident benefits only are available. Benefits range from \$5.00 to \$25.00 per week, under the same conditions as prevail for male members.

Safeguards

The Society is chartered under the laws of the state of Illinois and is licensed by the insurance departments of thirty-seven other states, and by the Dominion of Canada. An annual report of the society's business for the year and financial condition is made to all these state insurance departments. From time to time, examiners from the Society's home state and from other states make an examination and verify returns made in the annual report.

A voucher system is in use at the home office and every expenditure must have the approval of the Grand President. The Grand Treasurer and treasurers of all the Divisions are bonded. The Board of Trustees makes a monthly audit of the Grand Treasurer's books.

Cost of Joining

The entrance fee is \$3.00 and is always to be paid with the application. In case of rejection the \$3.00 will be refunded. The applicant has also to pay the doctor's fee, if medical examination is necessary.

How to Join

Write to the nearest secretary and ask for an application blank and any further information you may desire.

If you live in a city where there is a Division, see any member or officer of that Division.

If you live very far from any city which has a Division, or in a state in which no Division has yet been organized, write to the Home Office for application blank or information.

If you do not live in or near a Division city you will be attached to some Division as a non-resident member.

In writing for blanks or information be sure and give full name, age, occupation and address.
