SCHOOL FOR THE DEAF AND DUMB.

Dr.

MORGANTON, N. C., Jan. 14, 1901.

Dr. E. M. Gallaudet,
Gallaudet College,
Washington, D. C.

Dear Dr. Gallaudet:-

I enclose you a copy of our recent biennial report, *(separate copy)* the very first I have mailed, and request that you look over it, and if there is anything in it or anything regarding our school that you could say a word of commendation upon, that you would write me briefly within the next few days. I do not want this letter for publication, but something that I could show to prominent legislators in our present General Assembly. I would like you to mention how our school is regarded, as compared with other Southern schools, and among the professionals of the North. A word from you, I think, will do my school a great deal of good. There is no unusual discussion regarding our school, and so far as I know there will not be any. This request is simply that I might get the endorsement of leading legislators in the proper taking care of our school.

Enclosure.

Yours truly,

E. MCK. Goodwin

Dear Cousin Wallace:-

Will you be so kind
as to ask William Lucas
the exact name of the corn
he used to get for me to
send to my friend in England?

I sent some from here
last year, and as it did
not look at all flourishing

last summer, I am afraid
I did not send the same
kind as heretofore - I am
sorry there has been so much
illness on the Green this winter,
hope you and Cousin Emma
are well now. Give the latter
my best love, and tell her I
hope she keeps up her daily
walks. It is nice to have Grace
here after such a long time
away; and we are both so
reluctant to have Papa out again,

We did not know he had been ill
until the arrival here. Thomas wrote
that he had been wonderfully fatigued.

I hope you have found mine from
Emily & Ernest, what a pity it is so
many families have to be separated
as they grow up!

Most affectionately & gratefully

Mr. Fowler

Dear friend, --

Your book bill
 was remailed to me lately.
 Certainly, I have not forgot-
 ten my old debt, and
 shall try and pay all, a
 little at a time.

I am working for the
 Turner. I've started to pay
 get an average of thirty
 dollars a month.

I am boarding with the
 Shick family, of nice people.

I might be able to
 have paid it all long ago
 if I had not been sick
 with grip. How un-
 pleasant it is to lose even

2.
a day's work! as it
means loss of money.

Well, allow me to begin
with a two dollar bill to
reply -

Beq your pardon for
waiting so long for my
answer.

Yours Very Sincerely,
Sadie E. Griffin.

Dear Dr. Gallaudet:-

Some time ago I wrote you concerning Mr. Mumford. I beg to ask now if his work with the college has been satisfactory? What do you think of him as a young teacher? It is probable that I may offer him a place.

Will you have a fellowship that you could offer to a first rate young man, a full graduate of either our State University or of Wake Forest College? I do not mean to ask for another appointment without you should be in search of a ^{man} who would succeed and be glad to enter the profession.

Thanking you in advance for information asked, I am,

Dear Doctor Gallaudet:-

After mailing my letter to you, I was notified by Mr. Tate that the Board fixed my salary at \$1000 instead of \$1075 as he told me last evening. I regret that I was not correctly informed in the first instance.

The probabilities are that I shall not remain here under any circumstances.

There are to be several vacancies, so some of the Normal Class might apply, if all have not obtained positions.

Very sincerely,
Albert Lyaw,

Dear Dr. Gallaudet:

The Board of the Minnesota School met yesterday. My salary for next year, should I remain, will be \$1075 without board.

You probably remember that the salaries of several of the Minnesota teachers, mine among the number, were cut by the Board last June. So this year my salary is only \$875, though Mr. Tate had recommended that I be given \$1075.

Last June when I was in Washington,

I was on my way to Mt. Airy, where I was very quietly married to Miss Anna Spears, of Danville, Kentucky, at that time a teacher in the Mt. Airy School.

Both Mrs. Gaw and I would be glad, should a position open to me at the College.

Very sincerely,

Albert Gaw.

Dear Mr. Fowler:

I would have written you this letter sooner, had I not been so busy. You will find the money-order enclosed. Again ask you to accept my thanks for your kindness and confidence in me. I will tell you something about my father for you have shown your interest by asking me some questions. He died of paralysis in the depression after one year's illness. He did not suffer much. I ask you to pay

Mr. J. J. Northern
fifty (50) cents for
me. I can't say
certainly that I am
going back this term
but I do hope that
I will see you next
Fall. With my best
regards to you all.

Dear Dr. Gallaudet:

Your letter of the 24th came last night. In reply to your questions, - we lived in the institution during the earlier part of the year, but for some time we have been boarding in town, expecting an increase of family in the near future, - in fact, within a week or so.

This makes it impracticable, I suppose, for us to board in the institution.

However, if everything goes well, Mrs. Gaw says that she would teach, if you should wish it.

MINNESOTA SCHOOL FOR THE DEAF.

FARIBAULT.

JAMES N. TATE, SUPERINTENDENT.

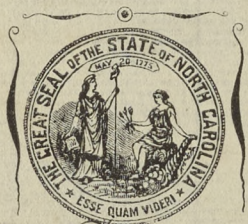

Of course, I could afford to accept a smaller salary if Mrs. Gaw should do some teaching.

I prefer to have you decide the amount you can give, for I feel that whatever you do, will be satisfactory.

Should you still wish us to live in, we could make arrangements so as not to inconvenience any one.

We are anxious to come to Washington and are willing to make any necessary sacrifices.

Yours sincerely,
Albert Gaw.

Dear Dr. Gallaudet, - I beg to ask if the Fellowships have all been taken. I have a young man, whom I can recommend - He has made a splendid record in College. It is hardly possible that I shall be in Washington within the next twenty days - but will

be glad to speak with you
there, but can name the
young man right away
if the place is still open.
Hoping to hear

Our boy was born on the second of May. Both he and his mother are getting along nicely, and the latter is rapidly regaining her strength.

We thank you for your kind wishes, and trust to hear from you in the near future.

Dear Dr. Gallaudet:- We have two young men that I dare say could enter college, but one of them is young and wants to remain here another year; the other has had an extra year already, and I have recommended to him that he go to the Kendall School a session and enter college a year hence. I prefer that our students should be well prepared before entering college.

The young man I want to go to you is Carl Pope of Weldon, N.C. Will you kindly write the charges and requirements for work in the Kendall School that I may hand same to his father?

I am glad to ^{learn} know that our North Carolina boys are doing, at least, reasonably well.

Dear Dr. Gallaudet:-

Your letter of the 4th just received.

I should be very much gratified if you could give Mr. Jesse A. Williams a Fellowship also. He came very highly recommended to me, but as I had offered my influence for Mr. McIver, he had *my* first efforts.

Mr. Williams is the young man I spoke to you about in a former letter, provided Mr. McIver did not get the appointment. The McIvers are a family of educators and are excellent people, and Mr. Williams, who made a good record at college, would doubtless do credit to himself if given an opportunity.

My dear Dr. Gallaudet -

Early last fall my daughter Gussie's application for a Normal Fellowship in Gallaudet College was sent you, and after certain questions had been answered and recommendations forwarded you wrote her that it was rather early then to determine the matter but thought she could rely on having the position. Since then nothing has been said on the matter, and hence

I write to ²inquire if a
final conclusion has been
reached and if she will
be permitted to enter upon
the Course.

She received her degree
this morning "B. Ph."
having passed successfully
through the Latin Philosophy
Course of the Ohio State
University.

Awaiting your reply

I remain

Very truly yours

A. B. Greene,

P.S. We are to have a
little celebration tomorrow
at our home in honor of
the 25th anniversary of the
marriage of Mrs Greener
and myself. Curiously
enough, Gussie's birthday
falls upon the same date
so it will be in a measure
a double celebration.

Dr. G. O. Fay married us
and the union he cemented
has certainly been a most
happy one. And God has
blessed us graciously in the
children he has given us.
Sincerely A. B. G.
