Washington D. C.

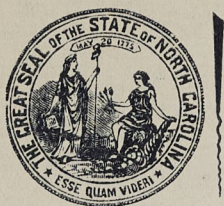

Dear Sir, I am this day in receipt of letter from Hon. A. R. Webber our M. C. from this district, inclosing your letter to him of Dec 30th last.

It would seem from your letter that I have been misled as to some facts relating to the foundation & time of founding of Gallaudet College, from newspaper reports, especially from W. E. Curtis letter in Chicago Record-Herald.

But these things matter not I am interested in the study of everything pertaining to deaf

writers & specially deaf & blind
writ. I had been led to suppose
you had one or more in
your Institution.

In your letter to Mr. Webber
you say "I mail you today
some publications in regard
to this Institution" He writes
me that he had not received
them on the date of his letter the 5th
inst. Instead of sending them to
him will you kindly send
them direct to me & oblige
Yours truly D. W. Page

Dear Dr. Gallaudet:--

I am beginning to realize that it is not very long until the Convention meets. I should think that it is even time now to take up the question of transportation and sending out literature to the various institutions. Have you anything that you could put in our paper, or the various school papers, that would help us to make the Convention a "big" success? I shall be very glad to hear from you on any point that will concern the meeting of the Convention.

When would you advise the meeting to take place?

Yours truly,

Highly Esteemed Sir and Colleague:

In reply to your esteemed letter of the 19th of December of last year, I have the honor most humbly to inform you that from all up to the present preliminary preparations for the establishment of the Hill Memorial as to the time ^{fixed} for the unveiling of the same the 8th of December can ^{be taken} ~~come~~ into consideration.

The artist, Herr Peter von Wiedke (deaf mute) has promised to be ready by the 8th of December (this year) with the ~~restoration~~ ^{restoration} and placing of the Memorial so that its unveiling can take place on that day, and the existing authorities have already been ^{informed} consulted about the same. Herr S. Walther and I made a trip last autumn to Weissenfels and consulted with the "Frit Burgomeister" and the Director of the Deaf Mute Institution as to the question of the location; the memorial is to be placed in front of the new building of the Deaf Mute Institution in Weissenfels.

In regard to the time of the unveiling should any change occur, it will through the _____ be given out, and I shall not neglect to inform you of it promptly.

It will be to us all a great honor and pleasure to see you, most highly esteemed Mr. President, in our midst, at the ~~celebration~~ ^{celebration} ~~which~~ ^{we} are looking forward to.

And so with the hope of seeing you on the 8th of December or —
With hearty congratulations and benedictions for the new year already entered upon,

Dear Sir

A young lady who is teaching in the City Schools is very much interested in the teaching of the Deaf, and wishes to take a course of instruction and take up the work of teaching the Deaf. I am a member of the Board of Education and visit the City Schools very often, and Miss

Marshall is an excellent teacher. She has attended High School, & College, but is not a graduate of any College. She has taught School six years.

Is there any chance for her to take a course of instruction in your School.

Our dear friend Mrs Temple is gone. It was very sad news to me. It must have been hard for you in the midst of the school year to get some one to take her position. Remember me to all friends please

Hoping to hear from you soon

Dear Sir:-

Active work has begun on the program for the Convention of American Instructors of the Deaf to be held in Morganton, North Carolina, July 8th to 15th.

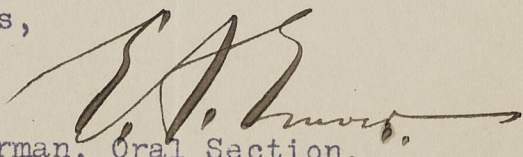

As Chairman of the Oral Section, I ask your earnest co-operation in making the program a success. I should like very much to have your school represented, either by a display of work, or through a paper by yourself or one of your teachers upon some phase of oral instruction.

The Committee consists of Mrs. Anna C. Hurd, Chief Instructor, Oral Department, Morganton, North Carolina; Miss Sarah Fuller, Principal, Horace Mann School, Boston, Mass.; Miss Rebecca Sparrow, Articulation Teacher, Western New York School, Rochester; and Miss Caroline R. Smith, Head Teacher, Oral Department, Iowa School, Council Bluffs.

Communicate to the member of the Committee nearest you, or to the Chairman, 904 Lexington Avenue, New York City, the part you will take in the program.

If you have something good along oral lines give it to the Convention through the Oral Section.

Very truly yours,

Chairman, Oral Section.

Dear Doctor Gallaudet:-

I have several pupils who think they might like to go to college next year, or the following year if they could not pass this year's examinations. I am not acquainted with the nature of the examination for entrance to college, and would ask you to give me any information you think best so that I may be able to tell the pupils what is expected of them. Will you also tell me if the college has any funds or scholarships for worthy children whose parents are not able to meet the entire expense of a college course? When I was in Philadelphia, several pupils who, I am quite sure, were not able to pay their own way, entered college and completed their courses. Did the college or the Pennsylvania Institution help these pupils, or is there some arrangement with the states by which such children are assisted?

Thanking you in advance for your courtesy, I am

Very truly yours,

Dear Sir:-

In answer to your letter of the 25th inst. we promptly forwarded to you copies of Genung's Working Principles of Rhetoric and the Handbook of Rhetorical Analysis by the same author, which we hope you received promptly and will accept with our compliments.

Answering your request for introductory rates for Genung's Outlines of Rhetoric we would say that the list price and allowance which we make for old displaced books are as follows:

	List Price	Allowance
Genung's Outlines of Rhetoric	\$1.00	.30

It is our custom to bill books ordered for introduction at the list price mentioned, taking in exchange old displaced books up to the number purchased at the allowance quoted. In addition to this allowance we will give a discount of 10% from the cash proceeds of the exchange to the person who handles the books. For new books displaced we will allow cost prices. If this book is purchased and no exchange is made we will furnish it at the list price, less a discount of 10%. We will pay the transportation charges

My dear Dr Gallaudet:-

This April marks
the third anniversary of my
coming to Wisconsin.

You perhaps know that I was in
the Rhinelander school for more
than a year. I enjoyed my
work very much in the day
school yet I did not have the
heartly support of the Board.
Some of the members were never
in favor of the school and would
not give it an encouraging word.

I thought then, ^{2.} it was best to
leave the school and especially
so, after Mr Lowell, the principal
told me they could not pay
the salary that I had been
getting.

I feel, though, that my work
there was satisfactory and I have
since had letters from parents
to the same effect.

I have been in the state school
two years - I like my work
here very much yet I am
anxious to get into another
school - preferably an Eastern

one. Do you know of any
school in need of a teacher? Is
there any chance of my getting
a position on Kendall Green
again?

I would be very glad to get
any assistance from you - I
feel very much indebted to you
for what you have done.

Very respectfully.

Jessie Greener.

Dear Dr. Gallaudet:-

I am sorry that I
am unable to return this term, but
would you kindly let me do so
next fall?

My father died the day before I
arrived home. Dying, he said,
"Moses must finish college and
live an upright life. Moses
will remember me." So I feel that
I must comply with his wishes for his

sake and finish my course.

I intend to finish the third term's work at home - and be examined next fall.

I would like to drop Latin on which I do not want to be conditioned. If it is not permitted to do so, I shall try hard to remove the condition. I should like to enter next fall as a regular Freshman.

I have one condition in Algebra which I intend to remove by studying with either my brother or sister and then pass the second term's examination on it. Also I shall continue the third term's work - and be examined next fall.

I shall work faithfully in college. If I get any condition, I shall remove it. May I return?

Thanking you for your consideration toward me in the past, I remain,

Yours very sincerely
Moses Goldoufsky.

Dr. E. M. Gallaudet, President,
Gallaudet College,
Washington, D. C.,

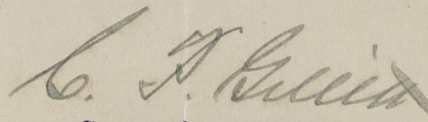

Dear Dr. Gallaudet;-

Do you know of a young hearing man whom you can fully recommend for the position of boys' supervisor? I am contemplating having three supervisors--we have always had but two. The two men that are now serving in this capacity--Mr. Molohon and Mr. Stutsman--are deaf. On some accounts a deaf supervisor is an inconvenience. If a third man is appointed he must be a hearing man. You are familiar with the qualification requisite for the making of a good supervisor. The position of supervisor is one of the hardest to fill satisfactorily, but it is a splendid experience, as you know, for a young man who expects to enter the profession as a teacher.

A Bill has just been passed by the legislature yesterday, placing the state institutions under civil service regulation. It will unquestionably be approved by the Governor. There are advantages and disadvantages in the existence of such a law.

With kind regards, I am

Yours sincerely,

Superintendent.

OFFICE OF THE
AUDITOR OF THE DISTRICT OF COLUMBIA,

WASHINGTON, May 10, 1905.

Mr. W. G. Fowler,
Disbursing Agent,
Columbia Institution for the Deaf and Dumb,
Kendall Green, Washington, D. C.

Sir:

Your application dated the 10th instant, for an advance of \$5,500 from the appropriation for "Columbia Institution for the Deaf and Dumb, District of Columbia, 1905", has been referred by the Commissioners to this office for proper action. The total of said appropriation "for expenses attending the instruction of deaf and dumb persons admitted to the Columbia Institution for the Deaf and Dumb from the District of Columbia", under Section 4864, Revised Statutes, is \$10,500, "or so much thereof as may be necessary". Up to the present time you have drawn only \$5,000, and in view of the wording of the appropriation providing \$10,500 "or so much thereof as may be necessary", for the service of the fiscal year 1905, and the fact that it is now less than sixty days to the termination of the present fiscal year, it is necessary that the Commissioners be advised before issuing a requisition in your favor, whether the entire amount asked for, namely, \$5,500, will be required to pay expenses actually incurred and unpaid and which will be incurred during the present fiscal year; and, if so, a certificate from you setting forth the fact that the sum of \$5,500 is actually required to pay for expenses now due and which will become due, before June 30, 1905, should be transmitted.

Mr. W. G. Fowler, Disbg. Agt. #2.

Kindly furnish the information called for, and the necessary certificate as above indicated to this office, as speedily as possible, in order that there may be no delay in issuing a requisition in your favor.

Dear friend:-

I suppose that you will laugh at what I am asking you to do, but I thought I would ask you anyway. I want you to let me be a Normal Fellow next year. I cannot get a place to teach in the manual department, as there don't seem to be any vacancies,

and several Superintendents have said that they would take me in the oral department, if I had only had some experience in that line. Of course I have not, and where is the place to get it, if not there? I think I have as much right to be a Normal Fellow as a hearing person, since I talk so well. Perhaps I could not take all the oral work that they do, but I could make it up in some other way. I do not want to give up the idea of teaching, and if I was a Normal the better fitted I would be. Won't you let me try it?

Would you kindly write me

a testimonial. In some of
my letters of application they
ask me to send testimonials,
but I have none to send.

Hoping to hear from you

My dear Sir:-

This is a business letter of course, as you will see. I write to ask you if you think you could secure me a position as Assistant Attendant or Copyist at your School this summer. I have been trying very hard to find work in Pgh since my Ohio home was broken up on my father's late death, but have not got any encouragement yet.

Nearly all the stenographers and type writers take up all the work now. I have been studying "Double Entry" book-keeping for six weeks, and also type-writing and passed my examination very well. I want to ask a favor of you if there is any vacancy at your school to be filled, and I should be very glad to fill the place. I have had four years' experience in teaching school for the Deaf at Columbus, O., and I am also a mute. But I am

not doing anything at present. I am Artist, too, but there are too many Artists in Pittsburgh. I have some Cousins living in Washington, so my best references & ability &c can be furnished.

Any favor you are able to do me, will be duly appreciated, I am quite sure. I want to do some good office work of any kind right away this summer if possible (say the straight Copying work done in type written matters) unless I can get the place as Assistant attendant or teacher at your College. I have been lately told that I could do the type writing without shorthand. (Just Copying work) or Envelope-addressing.

Kindly let me know at once
if you can get me the place or
route to see my Cousins whose
names I will give you - One
who works at the Pension
Building, is Gertrude Grosvenor,
and the other is Dr. J. H. Brauson
& family who live at # 1231 New
Jersey Ave, N. W. They are all
very nice people.

Certainly, I must do something
so as to earn my living right
away as I am "hard up" since
my good father died -

I know you are very
devoted to the deaf as your
loving Mother was a mute, too -
I have always had so much
interest in her & your own family,
I am sure - Yours Very Sincerely,

My dear Mr. Fay:-

I enclose herewith a letter from Miss Goldie Newman and her mother, which will show you the disappointment which she is experiencing over her failure to pass the College examinations. You will see what she wants to do. After you have read the letters will you kindly return them to me and I will write her what your reply is.

It may be of some consequence to you to know a little bit about this girl. She entered the school as Goldie Neiman. You may judge from the name that she is a jewess. She has average ^{ability} but has been a hard worker. She conceived the idea of entering college, I think perhaps two years ago, and has worked faithfully and hard to that end. This year she has been excused from household duties such as our older girls perform and has been allowed time to study for the college examinations. I fancy her purpose is to make a teacher of herself, but whether she has the qualities that would make her a success as such, I am not able to say. She certainly deserves credit for her determination and perseverance. I am sorry on her account that she did not pass. There are others in the class who could have passed if they had cared to take the examination. In fact there is one young man who expressed a desire to do so, but I did not encourage him to ~~do so~~, since he did not expect to go to college.

Gallaudet College,
Washington, D. C.

Dear Dr. Fay:-

I presume you are acting President in Dr. Gallaudet's absence. I beg to ask if you have received any papers or credentials from Congressman Charles R. Thomas, from North Carolina, recommending the admission of Miss Mittie Parker to a free scholarship.

Miss Parker is not able to meet any of the expenses, being an orphan and having a very limited amount of money in the hands of her guardian. I trust she will do well in college.

Hoping to hear soon.

Yours truly,

Dear Sir: -

We have a deaf boy of eighteen, who has attended this school, and who tried regular high school work last year, but did not make a success - due, no doubt, to large classes & constant changing of teachers.

His parents are very anxious to have him continue in school and we have suggested Gallaudet College.

Now, his people are in moderate circumstances and therefore feel that possibly they can not afford it.

However, I told them I'd write and learn particulars.

May I kindly ask you to send us any information you can at your earliest possible convenience, so that we may see what can be done.

Trusting to an early reply &
thanking you in advance,

I am, Very truly yours,
Katharine Grimes,

Dear Dr. Gallaudet:-

I am short a supervisor of boys. Can you recommend a young deaf man, some of your former college students, who would render good services? The place pays \$22.50 a month with living (not a large salary) So far as I see there would hardly be a chance for his promotion, as a teacher in the near future, for we have four deaf men in our manual department now.

Thanking you in advance for any recommendations you might make.

Dear Sir: —

I wish very
much to enter the dental
school at Howard Univ.
next year, but I am
not able to meet the
necessary expense, so
I thought I would write
to ask you if you could
get me a scholarship
there? I learn that
Howard is being
supported largely by
the gov't and that

2.

you are a member
of the board. Since
the colored deaf have
been debarred from
Gallaudet, I think you
could get me in that
school. I am partially
deaf and a member
of the graduating
class. I am the same
one you met at the
convention at Mosganton,
last July. I am sure
you remember.
Then I will be very
