Dear Sir:

Thinking the voucher sent you last month for the rental of the Governors during October, had been overlooked, I beg leave to remind you of them, and ask that you kindly forward me the statements of the gas bills, for the gas burnt in December 1904, at the Main Building, The Boy's Dormitory, and Girl's College Building, so that I may make voucher for the rental of the three gas governors on the said buildings during the month of December 1904.

ST. LOUIS,

23rd January, 1904.

Dear Mr. Gallaudet;-

I am in receipt of a letter from my son Howe in which he states that he has failed in his examination in logic, and he feels that if he could talk to you about the matter, that what he believes has been an injustice, will be corrected. When he was here during the Winter, I suggested to him that it would please me very much if he would come home and take charge of the ranch which I have purchased for him and which needs his attention, but he said he was so anxious to get through his studies with credit that he would rather go back to Washington, and he went back full of hope that there would be no trouble about his examinations.

If you can spare the time to talk to him about this matter for a few minutes, I will take it as a personal favor.

Yours truly,

*A. G. Cochran*

Dear Sir:

We are in receipt of your check for \$40.00 in settlement of our bill of \$42.63, and note what you say in regard to the printing. Considering the error which was committed by the Printer, we accept the same in settlement in full, but would ask you to kindly mail us a copy of the book showing the error, as we will charge this difference to the Printer, and must have a copy to show him.

We mail you under separate cover sample book of Whiting's high grade papers, as we notice that you use paper stamped with steel die. We do a great deal of this kind of work for Schools and Colleges, and would be pleased to receive your orders. We refer you to the inside cover in the back, for diagram showing different sizes, specified on each sample. If you wish to order any of this paper, do not tear up the sample book, simply specify the number given on each sample, and the size. We quote you 20% discount from the prices specified on the samples. The price for stamping from steel die is \$2.50 per 1,000, and in smaller quantities, 8 ¢ per quire. This doesn't include the die, which you would have to furnish or which we could make for you and charge you at cost. We also enclose copy of our latest Catalogue, and quote you a general discount of 20% except on items marked net..

Hoping to be favored with your orders, we remain

Dear Dr. Gallaudet:

I was very much pleased to receive your favor of the 9th inst. I think the College should by all means have a representative here. The cost would be the same as maintaining a pupil -- about \$7.00 per week. I see no other way than to have the money paid by your Board. It might be possible later on to have a College man take your exhibit and do supervisor's work but I do not think this would be very satisfactory.

I am writing Mr. Gillette concerning the photograph of your father and I should like to have one of yourself.

I just received word from Colorado that \$1200 had been appropriated for our use. There is nothing like not knowing when to quit. We could have secured money from Pennsylvania long ago if Dr. Crouter had not shown some hesitancy.

Very truly,

Washington, D. C.

Sir:-

Referring to your letter of the 22nd instant, addressed to the Chief of Division of Mail Equipment, of this office, in which you recommend Mr. John Courtney for employment in the Mail Bag Repair Shop, I have to state that all employes in that establishment are now classified under Civil Service rules and regulations. Applicants should therefore apply to the Civil Service Commission for the necessary application papers upon which to obtain a rating. I may state further that this office was recently informed that no additional examinations will be held for positions in the Mail Bag Repair Shop until after notice is published in the daily newspapers and posted on the Bulletin Board at the office of the Civil Service Commission.

Very respectfully,

Acting Second Asst. P. M. General.

My dear President:

Your kind letter of the 5<sup>th</sup> inst., informing me that the honorary degree of Litt. D. was conferred upon me on Presentation Day, is received.

It is an honor which I appreciate very much. I thank you sincerely for it. I realize the responsibility which it brings with it and shall always make

an effort to measure  
up to them.

With best wishes for the  
continued prosperity of my  
dear honored Alma Mater,  
and for your own personal  
happiness and success, I am

Gratefully yours,  
Robert Patterson.

My dear Mr. Fowler,-

I write this to ask if  
you will kindly send my box  
of books to the address enclosed.

I cannot say exactly where  
it is now. But Wm. Rich put  
it away up in the attic on  
the girls' side, with Mrs. Vreth's  
permission. He will know  
where to find it. I am very

thank you for the trouble in  
sending the box. You need not  
hurry about it, for I shall not  
be down to Lisle before  
Aug. 1<sup>st</sup>, but as soon as you  
do send it, please drop me  
a card, so that my mother  
will know when to look for  
it, and oblige,

Gertrude Parker.

sorry I had to leave it there so  
long, but it was done so on  
purpose till I get a permanent  
position, and have it sent  
to me. But I have not been  
so fortunate in securing the  
position I desired, and I can-  
not say whether there are any  
prospects in view for such  
a position.

Will you please convey my  
thanks to Mrs. Simple for letting  
me leave my box there. F

My Dear Mr Gallaudett:--

My son is the victim of a conspiracy which I want to relieve him from in some way if possible. After he came home from Washington he could not understand why I sent for him, and I finally told him.

He said the whole story was a fabrication, and that you had been imposed upon, and had no doubt received anonymous letters concerning him as others had.

He of course admits his attachment for Miss. Laura. Bigley, and expects to marry her, and I am anxious that he shall.

He has a beautiful large farm, and has taste for the work; has fine horses, cattle and hogs, and I think the place for him is the farm.

The parents of Miss. Bigley have been written, that he was expelled from school on account of his conduct.

Miss Bigley also has received several letters of a similar character, and about two weeks ago there was an unauthorized announcement of their engagement in a St Louis paper, a copy of which was mailed to the college at Washington.

I have just called up the editor of the paper, who is a friend of mine, and he tells me that he will let me know from whom the information was received.

I think this trouble originates from someone who is jealous of his attentions to Miss. Bigley, in the hope of bringing about an estrangement.

Since his return from Washington he has given all of his attention to his farm; is never away nights, and if he has any bad habits I am unable to discover it.

My son is much distressed over the situation, and he wants me to employ a detective to discover who is writing the anonymous letters to the young lady and her parents.

I am satisfied that if you will talk with her; or what is better, write a letter to her parents telling them that my son was not expelled from school, but that I asked him to come home to relieve me of the management of the farm and stock,

*th will be good*

We have several men employed on the farm, and it requires the constant attention of some one, and I am glad that he has taken the burden off my hands.

If you will take an interest in this matter, I will be greatly obliged to you. Will be glad to hear from you at your convenience.

Yours truly.
