Mr. J. C. Rice.

Millington, Ohio.

Dear Sir:-

Yours of the 7th is this morning received; there is I am sorry to say, no necessity for further investigation in Charles Case. When made acquainted with the grounds on which his suspension was indefinitely continued he did not deny the facts that were charged against him, and in addition he made his position before us infinitely worse by telling two willful falsehoods on the day of his arrival here. He told me that he had received no letter from me before leaving home; also that he left home on Thursday the 11th of September. Evidence of the falsity of these two statements is afforded me in your letter of the 25th ult.

It is with very great pain that we are compelled to regard your son as dead and to deny him the privilege of returning to the College, but under all the circumstances we feel that no other course is left open to us. I have heard from his uncle and have written him giving him full information as to Charles Case.

Very respectfully and truly yours

E. M. Gallaudet

My dear Sir:-

Enclosed please find my check to your order for \$10.00 which please place to Andrew Ryns credit and give to him in such sums as you may think he needs and ought to have. I dislike exceedingly to trouble you in this way, but am satisfied that it is for Andrews good and will promote the discipline of your school for him to have little money to spend.

Andrew seems greatly pleased with your school, and will I hope do well. There is one sentiment which has been taught him from infancy which I hope you and the officers of your Institution will respect as far as you can without interfering with your official duty. I refer to his associating with the colored pupils in your Institution. We Virginians have long since accepted in good faith the articles of the constitution which provide for the civil and political equality of all men. We are the friends of

educated and
in social equal-
ity, no, not even among white men, and we abhor
any thing like social equality among the two races.
On this account we do not desire our children
to be thrown with colored children in the class
or study rooms or elsewhere on an equal footing, lest
by association and constant contact, they be slowly but
surely educated to believe in and accept the
social ideas which we reject with so much
earnestness. Pray do not think that I am
seeking, in writing thus, to foist upon you ideas
which, for aught I know to the contrary, you may
regard ridiculous. I have no such intention. I intended
my letter to be explanatory so that, knowing my
views and wishes concerning Andrew, you may be
in a better condition to regard them and to under-
stand his ideas about these things ~~better~~ than if
the explanation had not been made.

Andrew writes in fine spirits and seems de-
termined to study well and be obedient.

I sincerely trust that he may prove himself
worthy of your confidence and care. With
much respect, I am very truly Yr. obt. Serv't.

E. M. Gallaudet,

Dear Sir:

Will you please send me by return of mail, the grammatical symbols for deaf-mutes, such as you use at the college. Also an old report, containing an article on Grammar and Analysis, by Prof. Porter, I think as far back as 1868. If the report is non est, then send me the symbols.

School is rushing on at a rapid rate. The bang and clatter of twice 150 feet

is heard in our halls
again. Mr Holloway
made his debut in chapel
this morning, "with fear and
trembling". I think we will
like him. Inst. affairs do
not run as smoothly under
the new administration, as
when Mr. Talbot was at the
helm. Our trustees begin
to see their mistake in put-
ting him out. matters grow
worse and worse; present
appearances indicate a
change of management
ere long. Talbot is still
at C. Bluffs.

Yours Resp'y.

J. A. Kennedy,

few leftth me some out of a large
family which make me more
anxious. Andrew has suffered
a good deal at times with his
ears, and I would like them
to be seen to sometimes.

Does the 150. hundred & fifty
dollars cover the medical
attendance in the school?
When you have time would
you write me what course
Andrew is pursuing in his
studies. I do hope he will
do well. Excuse my intruding
so long on your time.

Very respectfully

Dear Sir

Your letter of
the 29th has been received &
and I am gratified to hear
a good report as far of Andrew
and obliged to you for writing.
I do hope he will continue to do
well for I feel so anxious about
them. You had written to
me in regard to the colored
pupils & as long as they are
not compelled to associate
together I made that no
difficulty in sending my
child to what I believed the
best school I could send him
to; and I felt confident from
all I had heard of in regard

to the treatment of the pupils
under your care you would
not place Andrus in any
unpleasant position.

And in comparing so small
a trouble as colored pupils in
the school with the importance
of education. I have not
allowed it to trouble me.
In all of Andrus' letters he seems
very much pleased of
your kindness to him, he has
a warm heart & his affection
shows him appreciate kindness
very much. In one letter he
said he did not like much
to go in class with colored
pupils tho he did not com-
plain of it. You must excuse
him for any feeling he has
about it. And in his
last letter he said his

room was not much good
as he expressed it & asked
me to write to you, of
course I do not wish to
interfer in any of your
arrangements but would
like him to have as comfort-
able a room as you could
give him. Andrus I think
is very healthy. Yet from
the fact of his father having
died with consumption has
made him at times nervous
about himself, tho the disease
was not hereditary on either
side and I feel no ~~more~~
apprehension about it, don't
tell Andrus I mentioned this
to you. I feel of course anxious
for him to be comfortable
& will be appreciate your
kindness to him. I have but

a great deal to do this fall, and
expect you will be glad to hear from
me if I go in the first of Nov, or
after the first term. Set me know soon. J. Sawhill

WRITE THE ADDRESS ON THIS SIDE—THE MESSAGE ON THE OTHER

Mr Emory Gallaudet,
Kendall College,
Washington, D.C.

EXECUTIVE OFFICE,
STATE OF TEXAS,

Austin, Oct. 1st 1879.

Prof. E. M. Lallandett,

I have written to Bushel offering what assistance I am able to give.

I have some good material here when it can be brought up sufficiently. It is painful to observe the lack of culture among the pupils.

Prince is doing well.

I am getting more than my share of boys at the College. I hope Fred Stickles can be kept at his work. He is my adopted boy. I shall write to him soon and send him some money. He is strong if he keeps right, but the past influences over him have not been ~~enabling~~.

I don't hear from Murphy yet.

I hope our new Supt. Col. Ford will be appreciated by the profession. He is strong, able and hearty; is reading up in the profession, and acquiring the sign language rapidly. He is an acquisition of worth in the true sense of help to the profession.

Your letter was forwarded to me from Green Bay.

Respectfully yours,

C. L. Williams.
