NON-DEGREE CREDIT COURSE APPLICATIONS

Department chairmen and budget unit heads wishing to sponsor a non-degree credit course for the fall semester are asked to make their applications to the Non-Degree Credit Committee Chairman, Kieth Wright, by August 1.

If these are courses which were offered during the summer session, the Committee would appreciate receiving, in addition to your applications, a summary of your students' evaluations of these courses.

ASSOCIATE DEAN NAMED TO CONTINUING ED.

Leon LeBuffe has been named to the new position of associate dean of the Center for Continuing Education. An assistant professor of history, Leon has been director of the Center's Summer Programs. He will continue to carry out his duties with the summer programs as well as his new responsibilities for the Washington Area Demonstration Project.

He will also be assisting the dean, Tom Mayes, in designing, planning and implementing major programs and projects including the development of special materials for the basic education of deaf adults. Prior to coming to Gallaudet in 1970, he served as assistant dean of special projects at Catholic University.

SCHOLARSHIP AID BILL PASSED

The state of Maryland has passed a bill which will provide scholarship assistance to teachers of the deaf. Residents of the state of Maryland who are senior undergraduate students and candidates for master's degrees in the education of the hearing impaired can apply for one of thirty scholarships to be awarded annually.

Each recipient after receiving certification must teach in a school for the deaf, a public school program or a state approved non-public school program for hearing impaired persons in the state for a minimum period of one year for each year's scholarship.

AROUND AND ABOUT

The Executive Committee of the Association to Combat Huntington's Disease will be meeting at Gallaudet College August 2-4. A genetically linked illness, Huntington's Disease is a progressive deterioration of the functions of vital organs which generally strikes men at

age 40.

--Earl Higgins has brought to our attention an article in the July 20 issue of TV Guide about the need for programming for hearing impaired viewers and the recent PBS experimental testing of closed circuit captioned television programs.

--Copies of a recent publication describing the goals and objectives as well as the member colleges and universities of the Consortium of Universities of the Washington Metropolitan Area are available in the Office of Alumni and Public Relations.

GETTING TO KNOW GALLAUDET BETTER

Many of us in our day to day work have little opportunity to learn about the variety of programs going on around campus. Perhaps ON THE GREEN can serve as a means of assisting all of us to be better informed about Gallaudet.

As space permits, I would like to devote a part of each issue to describing one program or a facet of a program at the College.

We will begin in the next issue of ON THE GREEN (August 7) with a description of the Office of Alumni and Public Relations.
