Dr. Harvey Corson, who will assume his new duties as Gallaudet's provost in August, delivers the commencement address at the University's 121st commencement ceremony.

Students graduate, honorary degrees awarded at 121st commencement

The applause of family and friends greeted the approximately 261 students who received their undergraduate and graduate degrees at Gallaudet University's 121st commencement exercises, held May 11 in the Field House. Another 12 students received their degrees in absentia.

President I. King Jordan asked the graduates to review the past year, and drew their attention to The Deaf Way Conference and Festival. "It created a groundswell of pride in recognition of the deaf community which reverberated around the world," he said. Jordan also told the graduates and careers they pursue, "the University community retains its pride and interest in you."

After the commencement address by Dr. Harvey Corson, provost designate, Jordan and Acting Provost Ann Davidson awarded doctor of laws degrees to John E.D. Ball, president of the National Captioning Institute Inc., and Dr. Richard M. Phillips, Class of 1940 and the first Gallaudet alumnus to receive an earned doctorate in education.

Shirley Stein, who retired in 1988 after 31 years in the Department of Communication Arts, was named professor emeritus. Dr. Davidson received an honorary citation thanking her for serving as the University's interim provost over the past two and a half years.

Among the graduates was Gregory Hlibok, the last of the four student leaders in the Deaf People's Network (DPN) movement to receive his bachelor's degree. He presented the University with the sportscoat he wore throughout his DPN activities, framed and complete with support buttons.

Two doctor of philosophy degrees were awarded in the School of Education and Human Services, to Laura Magana-Valladares of Mexico and Zhuli Wang Whitmore of China. Approximately 175 undergraduate and 86 graduate degrees were awarded. The School of Preparatory Studies gave one associate of applied science degree, although another six students are expected to complete the program in August 1990.

Jordan recognized members of the Class of 1940 and other special guests, including Dr. William Castle and Dr. James DeCaro, director and dean, respectively, of the National Technical Institute for the Deaf; Soledad Chavarria, director of Gallaudet's Regional Center in Costa Rica; and His Excellency Denis Afande, Ambassador of Kenya.

Gallaudet faces new challenges, Corson tells graduates

As we approach the 21st century, Gallaudet University faces a number of challenges in its pursuit of excellence, Dr. Harvey Corson, Gallaudet's new provost designate, told graduating students and friends at commencement on May 11.

"Gallaudet must begin to address the challenge in terms of how to better prepare students to live in the new world of change and to equip them with knowledge and skills to deal with problems of living and adaptation to the future," Corson said.

Looking back at the time of his own graduation from Gallaudet 26 years ago from the perspective of 1990, Corson noted that "deaf people then lived and functioned without certified and professionally trained interpreters, telecommunication devices for the deaf (TDDs), telephone relay services, and captioned TV and videotapes. Whatever access rights deaf people had in those days were more of a conse-

quence of acts of charity, mercy, or grace, rather than protected, required, or mandated by law."

Today, 25 years later, more opportunities are available for deaf people, both in education options and career possibilities. "Gallaudet's Revolution in 1988 has forever changed the lives of deaf people everywhere," Corson said. "No longer shall deafness be viewed only in terms of disabilities but also in terms of abilities." The Deaf Way Conference and Festival demonstrated the universality of this view of deaf people, he said.

"The future will include the recognition that deaf people have an inalienable right to be different, to use their sign language, and to participate in the decision-making process affecting their destiny," said Corson. "Accordingly, Gallaudet needs to utilize its knowledge and resources in a new and meaningful way to achieve maximum positive impact in the lives of deaf people." This includes—as President King Jordan

said in his inaugural address—people of all ages, degrees of hearing loss, and communication modes, said Corson.

"This is the challenge I will accept as your new provost of this great institution," he added. "I am deeply honored to be asked to serve, and I look forward to working with the faculty, staff, and students. I see myself as a supporter and facilitator, and I hope you all will find me a good partner."

Corson spoke of several issues that Gallaudet must address. The first was communication and quality teaching and learning. "What is meaningful college experience if the students cannot understand what is being communicated and cannot participate in class discussions or seminars?" he asked.

Gallaudet is facing increased competition throughout the country, said Corson. Although competition is healthy and promotes choices for deaf stu-

Board of Trustees meets on campus

The Gallaudet University Board of Trustees, meeting on campus May 10 and 11, took action on a number of items, including approval of revised University Faculty bylaws.

The Committee on Academic Affairs, which had endorsed the revision to the bylaws in its May 10 meeting, brought the matter to the board for approval.

Upon recommendation from the Committee on Resources, the board gave its support for the University to try to obtain private support for a Gallaudet University Center for Training and Development from the Kellogg Foundation and other sources. The center would help meet the needs of constituencies of the College for Continuing Education, Management Institute, and counseling and counselor

training programs.

The board also authorized Gallaudet to borrow funds in the future, if necessary, to help with the renovation of Hall Memorial Building. President King Jordan noted that the renovation would provide 50,000 square feet of new space, and changes that will make it "a state-of-the-art classroom building for deaf University students."

The entire building will be completely accessible, Jordan said. An atrium will be built in the middle of the building, and a fourth floor will be added. Construction will start about a year from now and is expected to be finished in summer 1994.

The board passed a resolution commending Dr. Harvey Corson, Gal-

continued on page 2

Tamara Jo Beatty and her clown-puppet friend stand with fellow graduates as they prepare to receive their bachelor's degrees. Beatty uses the puppet in counseling sessions with deaf clients.

First Lady Barbara Bush (left), actor Richard Dysart from "L.A. Law," and children from KDES and the Child Development Center watch as several Kendall students perform at the Capital Children's Museum April 30 for the kickoff of Better Hearing and Speech Month.

Board approves tenure, promotions

continued from page 1

laudet's designated provost, for his 25 years of service to the education of deaf people and his service on the Board of Trustees since 1984. Because Corson will no longer be serving on the board, Dr. Robert Sanders was chosen to replace him as secretary and Alexander Patterson was chosen to chair the Committee on Trustees.

Board Chairman Philip Bravin announced that the board has also established a task force on development, to see where the board should be going in the area of development. Chairing the new task force is Dr. Ken Levinson, with Judge Thomas Jackson, Dr. Philip Sprinkle, and John Yeh as new members. In addition, Dr. Carol Padden and Dr. Glenn Anderson are new members of the Committee on Trustees.

Amendments to the investment policy were also approved. The original changes proposed would have allowed the University to add foreign stocks and bonds, and real estate, into its investment portfolio, and would provide for investment restrictions on specific businesses or geographic areas. But because members requested an amendment that the University not invest in South Africa, the board voted to exclude all foreign investments for now. The board will develop specific guidelines for the next meeting to see that investments in South Africa are not made in the future.

Arthur Andersen and Co. was chosen as the University's new auditing firm.

The board also named the 1990-91 grant recipients for the Graduate Fellowship Fund.

The board approved tenure for the following employees:

- MSSD—Carolyn Perry, mathematics; James Perry, social studies; Frank Rupert, industrial education, and Dorothy Wynne, science.

- KDES—Jeff Finkel and Pauline Spanbauer, fine and applied arts.

- College of Arts and Sciences—Dr. Hoy Booker, associate professor of mathematics; Dr. Joseph Grigely, assistant professor of English; Dr. Donna Ryan, associate professor of history; and Barbara White, associate professor of social work.

- School of Preparatory Studies—Nancy Lewis, assistant professor of communication and developmental studies.

- School of Communication—Jane Norman, assistant professor of TV, film, and photography.

- School of Education and Human Services—Dr. Patrick Brice, associate

professor of counseling; Dr. Jeffrey Lewis, assistant professor of counseling.

The board also approved promotions for the following employees:

- College of Arts and Sciences—Dr. Catherine Kalbacher, associate to professor, English; Donald Ammons, assistant to associate professor, foreign languages/literatures; Irene Tseng, assistant to associate professor, mathematics/computer science; and Dr. Virginia Gutman, associate to professor, psychology.

- School of Education and Human Services—Dr. Francis Duffy, associate to professor, administration and supervision; Dr. Richard Lytle, assistant to associate professor, Dr. Robert Mobley, associate to professor, Dr. Marilyn Sass-Lehrer, associate to professor, education; Dr. Martin Noretzky, associate to professor, and Dr. Fatemeh Olia, assistant to associate professor, educational technology.

- School of Management—Dr. Katarzyna Mackowiak and Dr. Ronald Sutcliffe, assistant to associate professor, business administration.

- School of Communication—Dr. Harriet Kaplan, associate to professor, audiology and speech-language pathology; Jeffrey Davis, instructor to assistant professor, and Dr. Carol Erting, associate to professor, linguistics and interpreting.

Corson speaks at commencement

continued from page 1

dents, Gallaudet must review program priorities and "continue to offer quality programs and services in the environment of change and competition" if it is to remain the premier university for deaf students.

"What makes Gallaudet unique is its commitment to direct and meaningful communication access for all students enrolled in its programs," Corson said. "... We need to learn more about the communication process and ways to make assessment of one's communication skills useful for continued skill development of students, faculty, and staff. Faculty/staff development needs to be supported in more appropriate, realistic, and cost effective ways. Students need to be encouraged to develop varied communication skills so as to increase their ability to interact with various people in this world that is growing smaller."

Gallaudet must also establish a working partnership with schools, programs, and organizations serving deaf people, Corson said. The field of deaf educa-

tion has changed drastically since the passage of PL 94-142 (the Education of All Handicapped Children Act) 15 years ago. Prior to PL 94-142, the majority of deaf students were educated in residential schools. Today, the majority of school-aged deaf children are served in local education programs.

Today, the issues of Least Restrictive Environment and of establishing program standards for various educational settings need to be addressed. Gallaudet's Pre-College Programs can help meet the educational and psychosocial needs of deaf children, Corson said, through partnership networks with schools and programs serving deaf people. Similar approaches could be used by the University in its outreach work.

A third issue Corson addressed was that of deaf studies and a working model of a bilingual and multicultural environment as a gateway to the larger society. "We need to recognize the fact that we live in one world together," he said; "that the deaf community is one segment of a larger society; that it is important to develop one's identity and self-esteem before dealing with other people with diverse backgrounds and cultures."

A deaf studies program is needed at Gallaudet, he said, "where deaf culture, arts, history, and sign languages will be studied and learned as part of one's cultural heritage. Thus, deaf people can make the necessary leap from their own world to a larger world, with better understanding of cultural differences." Deaf studies can be beneficial for both deaf and hearing individuals, he added.

Corson noted that as part of its five-year master plan, the University has adopted a mission statement that the university community is functioning in a bilingual and multicultural environment.

"The challenge before the University," said Corson, "is to create a workable environment whereby all members of the community respect each other and recognize the right of individual members to express themselves in a communication mode most comfortable, and to utilize appropriate sign communication strategies for teaching and learning, and to respect various cultural backgrounds and beliefs of the members."

Clowns, balloons, popcorn, and cotton candy help make the reception following commencement a festive occasion.

Announcements

Deaf people are encouraged to submit statements for the Maryland Governor's Conference on Libraries and Information Services to be held this fall. A resolution committee is currently gathering statements from individuals or groups throughout Maryland relating to issues such as equal access to information, literacy, as well as information technology, and information needs of the future. The issues will be considered by the delegates at the conference. Forms are available at branch libraries in Maryland. For more information, call Susan Cohen at 493-2555 (V) or 493-2554 (TDD).

"Ole Jim" will re-introduce its summer Happy Hour, featuring free munchies, starting Thursday, June 7. Happy Hour will continue through the summer on Thursdays and Fridays from 4:30 to 7:30 p.m.

The library has added a database, NEW, to its online catalog that will make it easier for the campus to be informed about the library's newest acquisitions. Librarians at the information desk will assist patrons in using NEW or any other options in the online catalog.

Gallaudet's summer basketball camp will be held July 15-21 for deaf and hard of hearing boys between the ages of 10 and 18. The camp, which will be directed by men's basketball head coach James DeStefano, will stress fundamental skills of the game. Participants who stay at the University for the week will be charged \$190, which includes a dorm room and three meals per day. Day campers will pay \$100 and receive lunch each day. For more information, call DeStefano at x5603.

Gallaudet University is an equal opportunity employer/educational institution and does not discriminate on the basis of race, color, sex, national origin, religion, age, disability, or veteran status in employment or admission to its programs and activities.

NCI President John E.D. Ball receives the hood for his honorary degree from Dean of the College for Continuing Education Roslyn Rosen.

Dr. Richard Phillips ('40) gets a warm handshake from President King Jordan upon receiving his honorary doctor of laws degree.

Shirley Stein, who retired after 31 years at Gallaudet, receives the citation naming her professor emeritus from President Jordan.

Graduate Hooding and Awards Ceremony held

Seventeen graduate students, faculty, and other members of the Gallaudet community were paid tribute for their contributions to their fields of study and to deaf people in general May 10 at the University's annual Graduate Hooding and Awards Ceremony.

Dr. Michael Karchmer, dean of the Graduate Studies, welcomed the group. Greetings from the University were given by Interim Provost Ann Davidson, President King Jordan, and Board of Trustees Chairman Philip Bravin.

Dr. Marilyn Sass-Lehrer, an associate professor in the Education Department, received the Outstanding Graduate Faculty Member Award, which is presented by Graduate Studies and Research to a person who has contributed outstanding service to Gallaudet's graduate program.

The Graduate Student Achievement Award, given by Graduate Studies and Research to a student who has made notable advancements to his or her field of study during the graduate program, went to two students this year—LaNette Brauer and Roberta Pracher. The department presented its Walter G. Ross Award, recognizing a student who demonstrates involvement in campus activities, committees, and organizations, to Darlene Goncz.

Outstanding Service Awards went to the Office of Graduate Studies and to Dr. Thomas Jones, a professor in the Education Department.

From the Department of Education, awards were given in memory of Daniel T. Cloud to Dinaz Adenwalla and John Marino Jr. The Helen Fay Award, for the student most likely to make a contribution in the field of teaching deaf or hard of hearing children, went to Patricia Ross. The Marjorie Stull Memorial Scholarship Awards, for students demonstrating ability and aptitude in teaching deaf students on the basis of first-year graduate performance, went to Anne Ainsworth and Laurel Thomasson. The William J. Zappetini Scholarship Award, which goes to a second-year graduate student based on academic excellence and participation in student organizations, went to Pamela Carroll.

The Department of Counseling presented the Mima Bravo Award, recognizing a second-year graduate student for aptitude and commitment to counseling deaf people, to Kathleen Saura.

The School of Communication presented School of Communication Awards, to students who are most likely to have an impact on their fields of study, to LaNette Brauer and Roberta Pracher.

The Department of Psychology presented the Elizabeth Peet Award to outstanding psychology student Armand Peri Jr.

The Department of Audiology and Speech-Language Pathology presented Seltzer League Awards, given to graduates who have demonstrated excellence in academic and clinical areas of the program and are expected to broaden the understanding of hearing and hearing loss, to Paula Bohn and Lynette Fagg. The Adrienne Kaplan Award, for a student demonstrating outstanding first-year graduate performance, went to Sharon Graney.

University awards honorary degrees, other recognition

Gallaudet University awarded two honorary degrees, named one professor emeritus, recognized one distinguished faculty member, and expressed heartfelt thanks to another member of its administration at the 121st commencement exercises held May 11 in the Field House.

Interim Provost Ann Davidson and President I. King Jordan presented the awards with help from other campus community members.

John E. D. Ball, president of the National Captioning Institute Inc., and Dr. Richard M. Phillips, who was the first Gallaudet alumnus (Class of '40) to receive an earned doctorate in education, both received doctor of laws degrees.

Ball, who is a native of Scotland, masterminded the feasibility of closed captioning and made it a reality when he was technical project director for the Closed-Captioning Project of the Public Broadcasting System.

"It is good to know that as technolo-

gy advances rapidly, John E. D. Ball will be there to make certain each advance addresses the special needs of deaf people," Dr. Frank Sullivan read from Ball's honorary citation. Sullivan, a member of the Board of Trustees, Dr. Roslyn Rosen, dean of the College for Continuing Education, and Paul Kelly, vice president for Administration and Business, assisted in presenting the degree to Ball.

Dean of Student Affairs Howard Busby read the citation awarding the degree to Phillips. In 1953, Phillips developed and implemented Gallaudet's first full-service student life program, and in 1970, he became the dean of Student Affairs. This position gave Phillips equal status with the academic deans and full participation in the president's administration.

The citation recognized Phillips as an outstanding alumnus and a master in the fields of teaching, counseling, and administration, and it commended him

for his lifelong dedication to his career, community, family, and alma mater. Dr. Carol Parr, vice president for Development, and Astrid Goodstein, executive director for Enrollment Services, assisted in bestowing the degree on Phillips.

Dr. Njeri Nuru read the citation naming Shirley P. Stein as professor emeritus. Stein retired from the Department of Communication Arts in 1988 after 31 years of teaching, research, and public service.

Board of Trustees member Dr. Laurence Glass commended Davidson for her work as interim provost and expressed the University's gratitude. Davidson's commitment to that position for more than two years, said Glass, enabled the University to conduct a thorough search for a permanent provost.

As the University's chief academic officer, Davidson displayed a deep commitment to education, served as a strong advocate of the needs of the academic programs, and conducted her responsibilities as provost with integrity, credibility, openness, and honesty, said Glass. "... the Gallaudet University Board of Trustees expresses its heartfelt thanks to Dr. Ann Davidson for her dedication and her willingness to go far beyond the call of duty to serve Gallaudet University," read Glass.

Jordan also recognized Dr. Mary Malzkun of the Department of Government, who received the President's 1990 Distinguished Faculty Award.

Edwards (SPS-English), Kathleen Zaccagnini (SPS-Health and PE), and Carole Bateman (SPS-Science).

- Council on Undergraduate Education—Dr. Fat Lam (Math and Computer Science) and Dr. George Ivey (Math and Computer Science).

- Council on Graduate Education—Dr. Barbara Bodner-Johnson (Education), Dr. Donna Mertens (Education Foundations and Research), and Dr. S. Stephen Lotterman (Audiology and Speech-Language Pathology).

Faculty elections fill open positions

The University Faculty held its spring elections earlier this month for senate seats and committee and council positions.

Faculty members who won positions, all for three-year terms, and their academic departments at Gallaudet, are as follows:

- Senate, Undergraduate Education—Dr. Neale Reynolds (Psychology); Senate, Graduate Education—Dr. Francis Duffy (Administration and Supervision) and Dr. Francine White (Counseling); Senate, Preparatory Studies—Janet Gemmill (English); Senate, At-Large—Evelyn Wolstein (Social Work).

- Committee A (Faculty Welfare)—Dr. Thomas Allen (Education), Dr. Patrick Cox (Audiology and Speech, Language Pathology), and Margaret Walworth (English).

- Committee C (Faculty and Student Affairs)—Dr. Mary Malzkun (Government) and Rudolph Hines (SPS-Math).

- Committee D (Nominations, Elections, and Grievances)—Dr. Donna Ryan (History).

- Committee E (Compensation)—Dr. David Pancost (English) and Hilary Ainbender (SPS-English).

- Committee F (Faculty Development)—Jane Norman (TV, Film, and Photography) and James Nickerson (SPS-Math).

- Council on Preparatory Studies—Jean Boutcher (SPS-English), Cynthia

President King Jordan congratulates Dr. Ann Davidson while Dr. Laurel Glass of the Board of Trustees reads the citation commending Davidson for her service as interim provost.

You and Your Job

Federal regulations require all employees participating in federal health benefits programs to pay their portion of the benefits premiums for continued insurance coverage while in a leave without pay (LWOP) status or when salary is insufficient to cover the required withholdings.

The regulations state that for each pay period in which enrollment in an insurance plan continues, the employee is responsible for payment of the employee share of the cost of his or her enrollment. Of course, Gallaudet must contribute its corresponding share.

The regulations state that an employee on leave without pay is deemed to consent to withholdings from future salary to cover past-due premiums. If the employee should separate following LWOP status, outstanding insurance premiums must still be repaid, and amounts due will be collected through any sources available.

If the employee does not want to incur a liability for health insurance while on LWOP, he or she may cancel the enrollment. However, there is no 31-day extension of coverage or conversion right following cancellation.

A cancelled enrollment may not be automatically reinstated following return to work. In most cases, the only way to reinstate health insurance coverage is during open season. Health insurance coverage automatically terminates after the 365th day of LWOP.

Life after the Federal Employees Group Life Insurance (FEGLI) plan remains in effect for 12 months at no charge to the employee. The life insurance automatically terminates after 365 days of leave. Under Metropolitan Life Insurance (MET), the basic insurance remains in effect at no charge to the employee; however, optional life insurance premiums must be paid.

Dental insurance also remains in effect at no charge to the employee, but the employee is responsible for dependent coverage premiums. Long-term disability coverage remains in effect; however, if the leave is for reasons other than personal illness, the disability insurance terminates at the end of three calendar months.

Arrangements for premium payments must be made with the Payroll Office.

Of course, any employee on LWOP must take responsibility for any personal benefits deductions such as Credit Union loans, and auto and homeowners insurance. Payments must be made directly to the cashier.

Mary Ann (DiCola) Corson and her husband, Provost Designate Harvey Corson, talk with Assistant Professor Agnes Padden and retired Associate Professor Don Padden at the Friends of Gallaudet dinner held May 11 to honor Gallaudet supporters.

Among Ourselves

Dr. Michael Deninger, dean of Pre-College Programs, represented the Conference of Educational Administrators Serving the Deaf on March 29 with testimony before the Education and Related Agencies component of the Senate Appropriations Subcommittee on Labor, Health, and Human Services. Deninger also testified on May 1 before the Education and Related Agencies component of the House Appropriations Subcommittee on Labor, Health, and Human Services. Both testimonies related to PL 89-313, the Education Consolidation and Improvement Act of 1981.

Dr. Donna Mertens, associate professor in the Department of Educational Foundations and Research, recently conducted a training session for special education coordinators and parents of disabled children from various Maryland counties. This was the second in a series of workshops to help participants design an evaluation system for Maryland's Parent Information and Training Centers.

Frances Parsons, an associate professor of art history and coordinator of the University Library's International History Collections, presented seven lectures at the Indiana School for the Deaf March 26-28 on international cultures, literacy, and travel in China. Parsons also gave a talk and slide presentation at the California State University at North-

ridge on April 30 on international hand symbols, writing books, and travel in China.

Dr. E. Marshall Wick, a professor in the School of Management, announced at the news conference of the President's Committee on Employment of People with Disabilities Annual Meeting, held May 2 in Washington, D.C., that the first test of Minitel videotex will be held at the University's School of Management. The Minitel is a screen-oriented telecommunication device through which a number of people can communicate and gain access to thousands of information services in the United States and France. Wick is coordinator for the project at Gallaudet and was joined at the press conference by representatives from Minitel USA.

Sara Gillespie, KDES content specialist, presented the third in a series of inservice sessions on May 4 to train elementary teachers to implement the KDES Science Curriculum Guide at the Virginia School for the Deaf and Blind in Staunton, Va.

Melvia Nomeland, an instructor in the KDES primary department, and Janet Weinstock, an English teacher at MSSD, presented a workshop on May 4 on sign language and deaf awareness to the Brownie troop that meets at LaSalle Elementary School in Washington, D.C.

Harriet Alexander-Whiting, KDES program supervisor, conducted a training session for personnel in the child development center at The American University on May 5. Her presentation on mainstreaming children with special needs included legislation, information on specific disabling conditions, and discussions of special considerations for mainstreaming.

Renee Suiter, technical assistant, and Linda Alston, educational resources specialist, both of KDES Learning Resources Center, taught sign language, shared information about deaf people, and demonstrated assistive devices to children at Oak View Elementary School in Fairfax, Va., on May 8 as part of the school's disability awareness program.

Classified Ads

CLASSIFIED ADS are printed free, as a service to Gallaudet faculty and staff. They must be submitted in writing only to *On the Green*, MSSD, Room G-37. Ads may be run for a maximum of two weeks, if requested and if space permits. Because of the Memorial Day holiday, ads received by May 24 will appear in the June 4 issue. There will be no issue Memorial Day.

WANTED: A home for 10-wk.-old kitten, white w/grey on back, female, a darling. Call 277-3462 (TTD).

FOR SALE: '79 Ford 420 3/4-ton pickup truck, very good cond., new brakes, clutch and overhauled engine, great work or farm truck, \$3,400/neg.; piggyback camper w/extending roof for 3/4-ton pickup truck, has refrigerator, propane stove, sink, storage box on top, sleeps 4, good cond., \$600/neg.; Camp Trails day pack, green, exc. cond., rarely used, \$40. Call Sean, 989-0249 (V), or 622-2543 (TDD).

FOR SALE: Wall-to-wall draperies, 218 in. wide x 81 in. high, 2 pairs sheer, 2 pairs 'blackout,' and 2 rods, \$100. Call x5552 (TDD), or 554-4475 (TDD) eves. May 30-June 5.

FOR SALE: Smith Corona portable electric typewriter, BO. Call Mark, x5562, or 772-3288 (V).

FOR SALE: Rare and beautiful 30- by 46-in. stained glass window w/very large oak frame, antique, dated 1860s, \$350; 10-speed girl's bike, exc. cond., \$75. Call Sue, x3212, or 773-4292 (TDD).

WANTED: Nonsmoker to share apt., private BR and bath, kitchen and living room privileges, W/D, own transportation, summer rental accepted, avail. June 15, \$375/mo. inc. util. Call Babs, 345-8010 (TDD) anytime.

WANTED: Donations to buy a TDD for the Sexual Minority Youth Assistance League, a local support group for gay and bisexual youth. Call William, x3112, Tues.-Thurs.

FOR SALE: Stoneware dishes, 9 dinner and 11 bread/dessert plates in forest green abstract pattern; 11 cups, 12 saucers, and 1 creamer in matching solid forest green, microwaveable, \$20/neg. Call Lynne, x5671.

FOR RENT: Spacious mobile home in Fenwick Island, Del., sleeps 6, 2 full baths, AC, W/D, full kitchen, \$60/night. Call Beth and Dwight, x5247, or 805-1177 (TDD) eves.

FOR RENT: Spacious, sunny basement apt. in Laurel, Md., w/fireplace, bath w/shower, kitchenette, private rear entrance, ideal for singles or couple, no smokers, \$500/mo. Call Marybeth, 345-5788 (TDD) eves.

WANTED: Ride to and from Kendall Green from Lanham/Greenbelt, arrive Kendall Green 8:30 a.m., leave 5 p.m., will pay up to \$30/wk. Call Amy, x5373, or 552-3624 (V/TDD) after 6:30 p.m.

FOR RENT: 2 rooms in large house w/decoder and W/D, share house; 20-min. drive to Kendall Green, close to bus and Metro; small room, \$175/mo.; large room, \$225; both inc. util. Call Amy, x5373, or 552-3624 (V/TDD) after 6:30 p.m.

FOR HIRE: Hearing mother w/4-yr.-old daughter wants to babysit children in her Md. home on Sat./Sun., both sign. Call Simone, x5090, 9 a.m.-3 p.m. weekdays.

WANTED: Responsible, mature nonsmoker to share townhouse in Laurel, Md., furnished BR, must have own transportation, avail. May, rent plus 1/3 util. Call Bonnie, x5226, or 725-2271 (TDD) eves.

Job Openings
